

2016 International Infection Prevention Week October 16-22, 2016

BREAK THE CHAIN OF INFECTION!

Help us meet our 2016 goal of
100 Arizona healthcare facilities!

The Arizona HAI Advisory Committee is partnering with Arizona Department of Health Services, APIC Grand Canyon, and TAPI to support International Infection Prevention Week (IIPW) in Arizona.

The goal of 2016 IIPW in Arizona is to increase awareness of how easily germs can spread from person to person. To prevent germs from infecting more people, we must break the chain of infection.

How does this benefit you?

Your facility and Infection Prevention team will be featured on the Arizona HAI website IIPW webpage!

You will demonstrate that your facility is proactive in the prevention of infections in Arizona!

How can you get involved?

[Sign up now](#) to participate and receive your IIPW promotional package! Package includes:

- ♦ ID Holder
- ♦ 16oz Tumbler
- ♦ 24oz Water Bottle
- ♦ Hand Hygiene Stickers
- ♦ Flu Shot Stickers
- ♦ Hand Wash Paddles
- ♦ And more...

Show us how you and your team **Break the Chain of Infection!** Send a [photo](#) of the creative ways you prevent infections and celebrate IIPW!

Please submit [photo release forms](#), questions, or comments to HAIProgram@azdhs.gov
